initiative Norway

Mester Grønn

CRS and sustainability

Focus on sustainability , environment and supporting the community.

- Cooperation with Salvation Army, Fair Trade, the cancer research foundation, Local initiatives and Ethical trading Initiative.
- *Walk as you talk* - at the headquarters Mester Grønn has installed geothermal heat pumps for sustainable heating and cooling of flowers.
- All flowers sold are packed in recycled newspaper.
- The profits from sales of plastic bags is used by The Salvation Army to help the less fortunate in society get a safe and stable job.
- Grønn inkluderer and a More Inclusive Workinglife.
