Deep dive on...

The journey: I want to switch to another profession

All journeys start with a step-by-step guide.

- 1. Self-reflect, gain awareness of existing tools to define, chart, and secure professional path.
- 2. Explore motivations and areas of interest.
- 3. Get information about professions of interest.
- 4. Consider skills building
- **5. The end of the journey:** go beyond self-guided reflections through digital tools and a professional counsellor

 a French Tech social media influencer

Key data points

with september data In the last 6 months **October 2022 - March 2023**

conversion rate*

1.8 services consulted in 1,81M visitors

* Ratio between the number of clicks to access the service (i.e., exit the Emploi Store), and the service page. Source: PIANO ANALYTICS

5 things to know before making your own Emploi Store

DOs

- A platform **open to all**.
- A dynamic portfolio of services.
- Time, resources, and financial investment, maintained on the long run.

DON'Ts

- Accept all service listing requests, or make exceptions.
- Fully rely on and trust service providers.

- → An attractive offer for a broad client base
- → An internal pride

Antoine Bayle
Pôle emploi
Head, Open Innovation Department

Alexandre Millet

Pôle emploiDeputy Head, Open Innovation
Department

- After over 15 years as a CEO in web, data technology and innovation, Antoine is now the head of the open innovation department in Pôle Emploi since four years now.
- The Open Innovation department oversees Pôle Emploi's open data strategy, the Emploi Store, and other employment services platform.
- This includes data sharing through APIs, relationships with the external start-up ecosystem, and animation of an internal network of digital ambassadors among counsellors.

- Alexandre is the Assistant Deputy of the Pôle Emploi Open Innovation department.
- Alexandre joined Pôle emploi in 2020, after 12 years of consulting in the fields of IT, companies' transformation, and innovation.
