- **Reminder of the institutional framework of the PNPE**

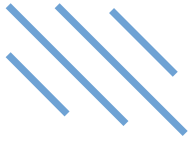

Created by law no. 010/2022 of 05 August 2022, the National Pole of Employment Promotion (Pôle National de Promotion de l'Emploi) is a public administrative body with legal personality and autonomous administrative, technical and financial management.

The mission of the PNPE is to contribute, on behalf of the State, to the professional integration and reintegration of people seeking employment.

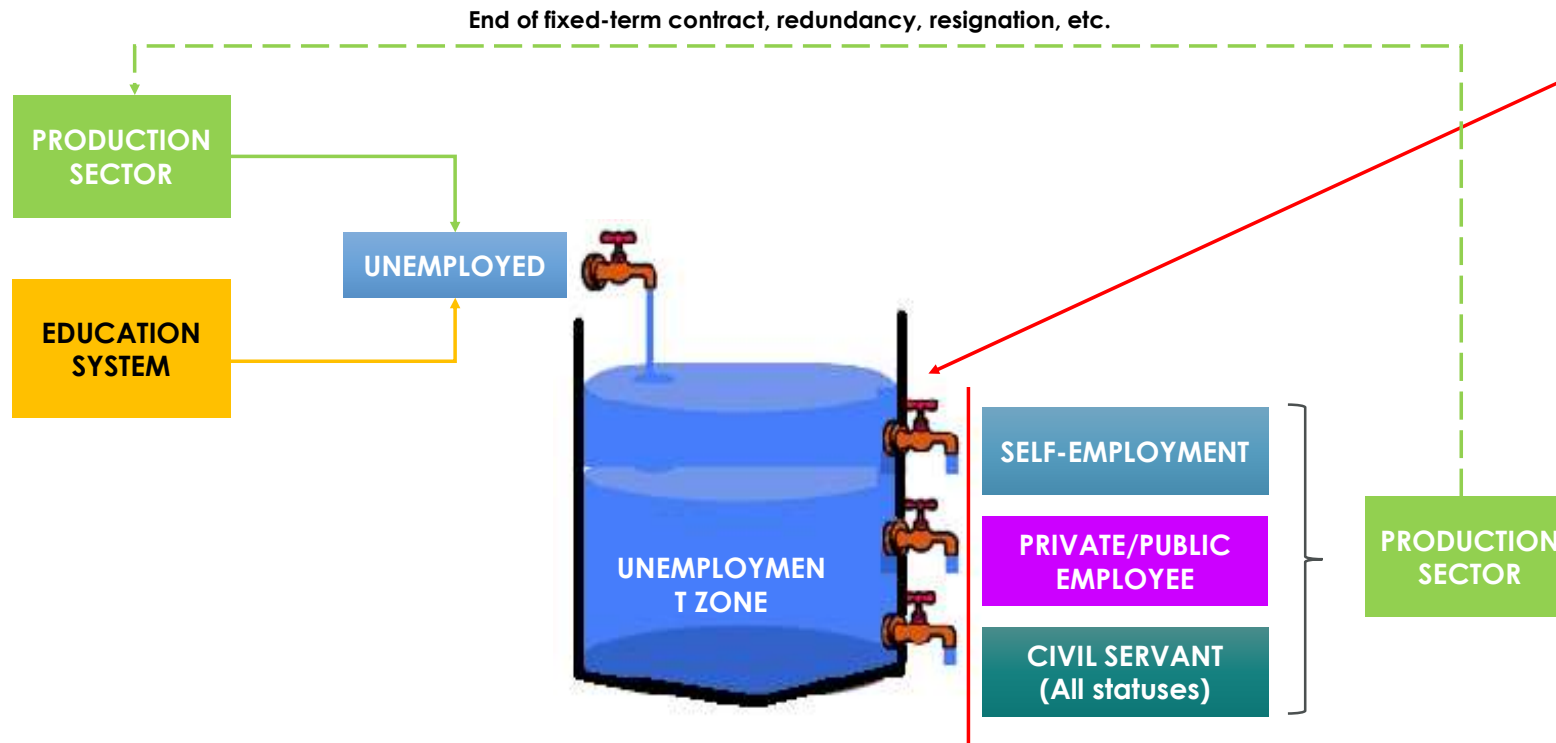

The prerogatives and assets of the Fund for Support of Professional Integration and Reintegration and the National Office for Employment and their liabilities are transferred to the PNPE.

The PNPE implements all the specific measures adopted by the Government to promote employment.

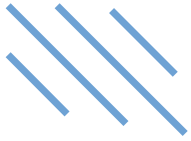

# Background

## Labour Market Modelling

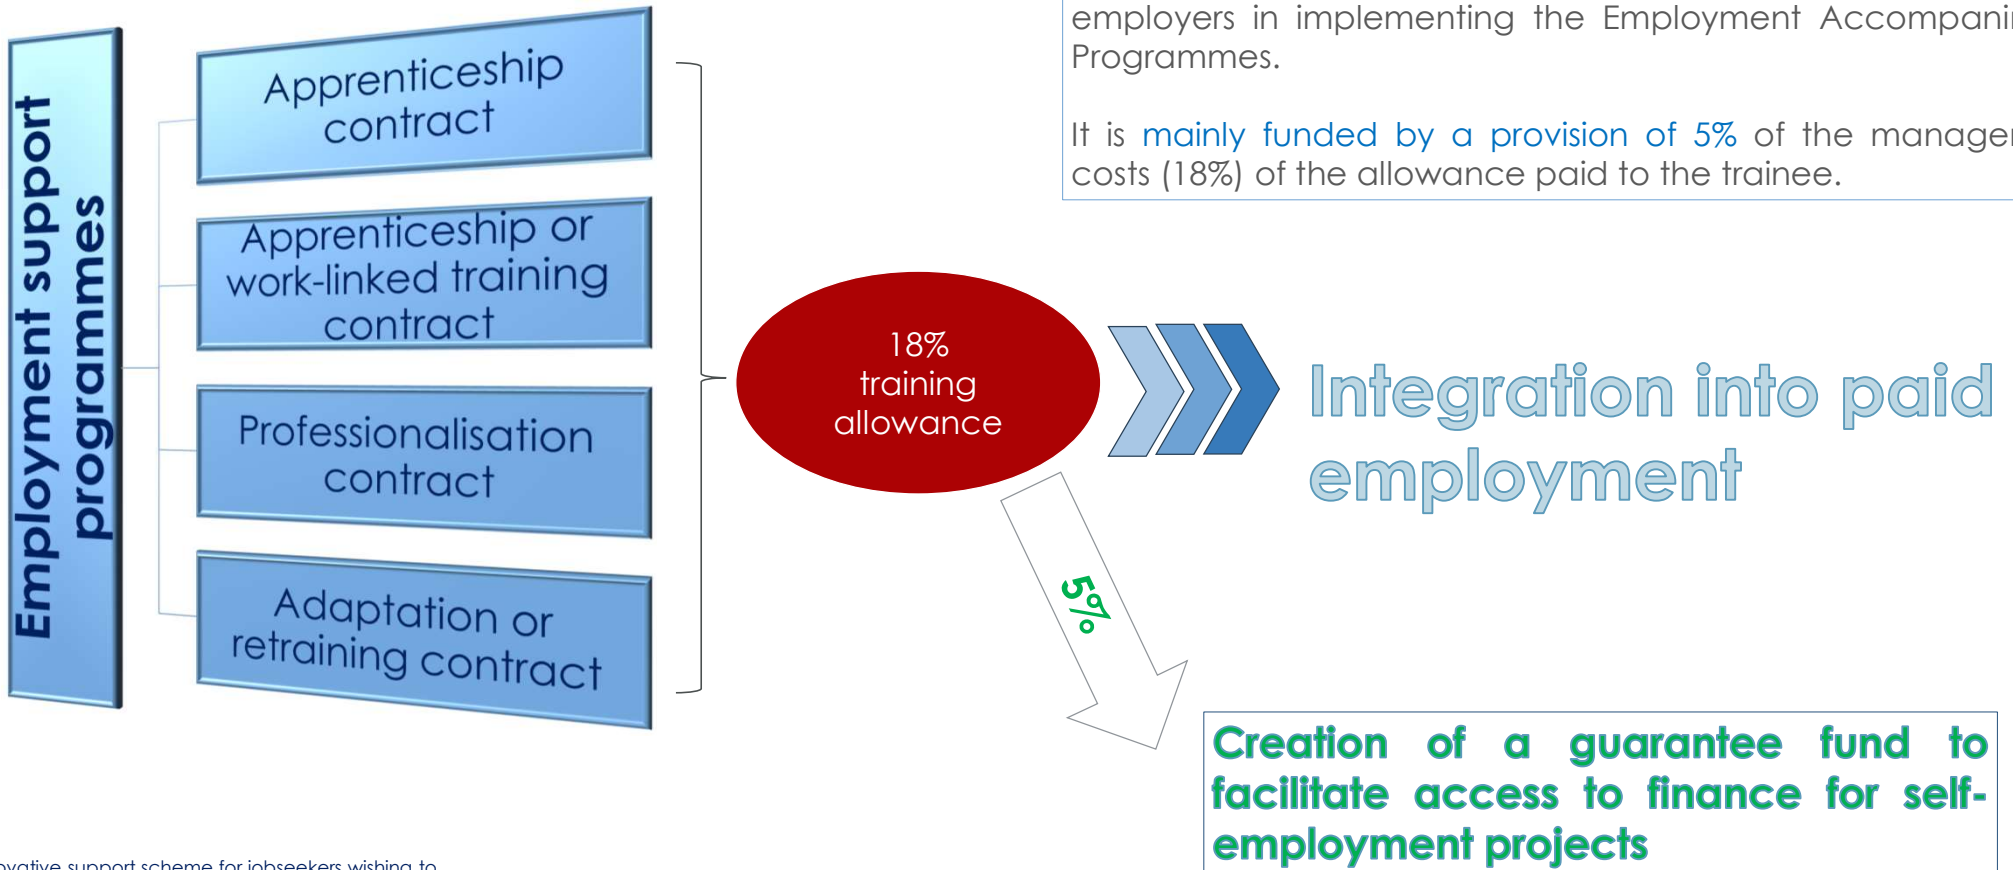

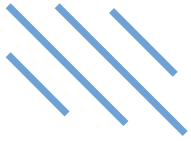

The major challenge in reversing the unemployment curve is to identify the barriers to access to the labour market for nationals and to propose SMART\* solutions.

\***SMART**: Specific, Measurable, Achievable, Realistic and Time-bound
